Commentary

A fully enclosed, four level City Centre, which originally commenced trading in 1975 and has been periodically refurbished and extended, with the most recent interior works being completed in 2005.

The site links with the busy Queen Street retail precinct, and also borders the Britomart complex. There are exceptionally strong transport links to rail, bus and ferry networks, enabling potential shoppers from outside the generally expected catchment area to access the centre.

Situated in Auckland's CBD waterfront with a footprint of almost two hectares of land and buildings, the site offers the best office and retail development opportunity available in the New Zealand market.

Precinct's current intent is to develop around 20,000sqm of lettable retail over four levels and 35,000sqm of lettable premium commercial office. The project aspires to incorporate Precinct's surrounding assets, HSBC House, Zurich House, PwC Tower and the AMP Centre. A development agreement has been entered into with Auckland Council to coordinate works with the city rail link.
